Lochaber Bay Cemetery

... a Headstone Reference.

Based on the inscriptions recorded by Marion MacLachlan in "Lochaber Bay Cemetery" – May 1985.

Table of Contents

All headstones have a 'Ref#' as illustrated in Fig #1 on right.

The Old Section of the cemetery starts with 'A1' in the north-east corner. (Follow row letters on the white fence.)

The New Section of the cemetery starts after row M using a different numbering system. Each row contains 17 plots spaced at 4 ft intervals. Numbering is sequential starting at the south (hedge) side of the cemetery with plot #1. The 'NP' prefix is optional and is dropped in this document for 'New Plots'.

The **Table of Contents** (page 3) lists the cemetery headstones in 'Ref#' order with headstone and burial names on right.

Index of Names

Following the **Table of Contents** is an **Index of Names** on page 11 which is the same list but sorted by 'name'.

Notes:

- 1 – Use the 'Ref#' at <https://www.lochabercemetery.org/find> to look up additional information. (QR code is on back page)
- 2 – Gaps in the numbering between headstones are plots (burials). For a more accurate drawing of plot positions, see <https://www.lochabercemetery.org/plots.html>
- 3 – Headstones with no linked burials are listed without images or inscriptions.

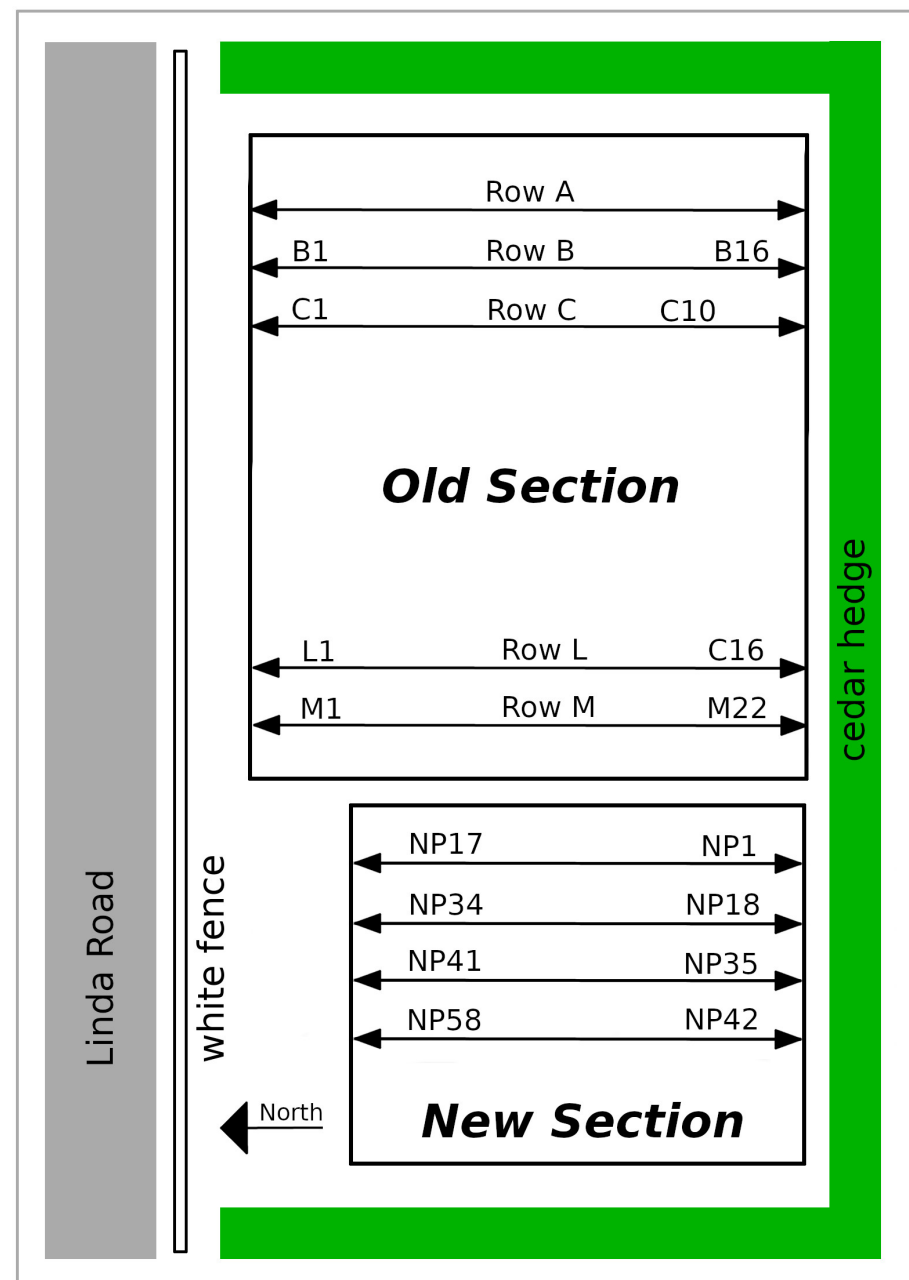

Fig #1: Cemetery plot and headstone numbering scheme
